Subject: Construction Defect- February Update

The message below is from the Board of Directors for the Coal Creek North Paired & Patio Villa Homes:

The attorneys had a conference call on January 28, 2019 with the attorneys for the builder and subs. The same attorneys ended up representing all but two of the subcontractors, so there are fewer attorneys than usual on these types of cases. On Friday, February 1, 2019 we have the scheduling conference with all counsel and the Arbiter to establish various dates/deadlines and discovery procedures for the case. Once discovery begins after the conference, we can start looking at dates for expert testing in the community.

Once this occurs, we will be sending out updates as needed regarding the dates of the testing!
